

Stoneweg is the proud sponsor of Swiss professional surfer Fantin Habashi

We are proud to announce the sponsorship partnership between Stoneweg and Swiss professional surfer Fantin Habashi.

Fantin Habashi is one of the most promising athletes of his generation in Swiss surfing.

A multiple-time Swiss Junior Champion and back-to-back Swiss Open Champion (2023 & 2024), he has been competing on the World Surf League (WSL) Qualifying Series since 2020, steadily progressing among the world's top talents.

This partnership reflects Stoneweg's long-term commitment to supporting high-performance projects.

Our objective is clear: to provide Fantin with a stable and structured framework that enables him to fully focus on his international career, with a key milestone in sight, qualification for the Los Angeles 2028 Olympic Games.

Beyond performance, this collaboration is built on shared values: discipline, commitment, excellence, and a long-term vision. It also aligns naturally with Stoneweg's broader involvement in the development of surfing infrastructure through Stoneweg Infrasport, including the creation of urban wave parks across Europe under the "Gemswell Surf" brand.

We are delighted to support Fantin on his journey and look forward to the exciting chapters ahead!
